Love is all you need to know
And all you need to know is
Love is all you need
To know

Love is all you need to know
And all you need to know is
Love is all you need
To know

Skin tight
Skin tight hot as hell
You cast a deadly spell
S-P-E-L's disaster

Skin tight
skin tight hot as hell
You cast a deadly spell
S-P-E-L's fiasco

Love is all you need to know
And all you need to know is
Love is all you need
To know

Love is all you need to know
And all you need to know is
Love is all you need
To know

Give me pleasure
Give me pain
Give me more more more of the same

Give me pleasure
Give me pain
Give me more more more of the same

Love is all you need to know
And all you need to know is
Love is all you need
To know

Love is all you need to know
And all you need to know is
Love is all you need
To know

Skin tight
So hot
Skin tight
So hot
Skin tight
So hot
Skin tight
So hot
