

# Off The Map

Simian Mobile Disco

The Man Machine  
The Sax Machine  
And everything  
In between

The shoes  
The floor  
The makeup (Put makeup)  
The dog

D-I-S-C-O  
And I go

I know a place  
Under the bridge  
And off the radar

You can be Space  
I'll be The Invader  
I'll take you there

Why don't we step off the map?  
Keep on turning till there's no turning back  
Why don't we step off the map?  
Keep on turning till there's no turning back

Smoke it up  
Suck it down  
Burn it up  
Throw it down

AAAAAAAAAAAAAAAAAAAAAAAAAAAA (AAAAAAAAA)

Keep on turning till there's no turning back  
Keep on turning till there's no turning back  
Keep on turning till there's no turning back  
Keep on turning till there's no turning back

Now I know a place  
Under the bridge  
And off the radar

You can be Space  
I'll be The Invader  
I'll take you there

Why don't we step off the map?  
Keep on turning till there's no turning back  
Why don't we step off the map?  
Keep on turning till there's no turning back

Smoke it up  
Suck it down  
Burn it up  
Throw it down

Suck it up

Smoke it down  
Burn it up  
Throw it down

Keep on turning till there's no turning back  
Keep on turning till there's no turning back  
Keep on turning till there's no turning back  
Keep on turning till there's no turning back

(All Niiiiiiiiiiiiiiiiight)  
Keep on turning till there's no turning back  
Keep on turning till there's no turning back  
Keep on turning till there's no turning back  
Keep on turning till there's no turning back

(All Niiiiiiiiiiiiiiiiight)  
Keep on turning till there's no turning back  
Keep on turning till there's no turning back
