

Another Heartache

Simon Curtis

Little lies
Don't feel you need to know
So I keep my mouth shut
Realize
That it signifies something more
I feel so lost

I pretend that you don't have a clue
I try to tell you, but I don't know how

You don't need another heartache
Think its time we made a clean break
Tried to forgive me, but I just can't fake
That I bring you more pain than joy

Didn't know
The way that I felt would change
Please don't feel blind-sided
Where to go
If I don't have you always?

I can't pay the cost

You pretend that you don't have a clue
You try to love me, but I don't know how

You don't need another heartache
Think its time we made a clean break
Tried to forgive me, but I just can't fake
That I bring you more pain than joy

Silence ringing in the darkness
I try to tell you, but I don't know how
I still need you
But I can't keep you
Oh my love
Please know I'm sorry

You don't need another heartache
Think its time we made a clean break
Tried to forgive me, but I just can't fake
That I bring you more pain

You don't need another heartache
Think its time we made a clean break
Tried to forgive me, but I just can't fake
I bring you more pain

You don't need another heartache
Think its time we made a clean break
Tried to forgive me, but I just can't fake
That I bring you more pain than joy
