

# Graduate

Simon Curtis

I don't know how I started  
Don't know how I got here  
But I know I got it  
Though everyone doubted  
Didn't give a damn about it  
Cause I know

We done with the bullshit  
But I learned from the bullshit  
Now I'm ready to go up  
I'm ready to go up  
So thank you for the real shit  
Without it wouldn't be shit  
Now I'm ready to go up  
I'm ready to go

Away  
Away  
Away  
Away  
Away

Ooh ooh ooh  
Time to graduate  
Time to graduate

Even though the beginning  
Can feel like an ending  
This is the ending  
Wanted a forever  
But baby it's now or never  
And we both know

We done with the bullshit  
But I learned from the bullshit  
Now I'm ready to go up  
I'm ready to go up  
So thank you for the real shit  
Without it wouldn't be shit  
Now I'm ready to go up  
I'm ready to go

Away  
Away  
Away  
Away  
Away

Ooh ooh ooh  
Time to graduate  
Time to graduate

Never mind what my father say  
He don't know me anyway  
And it's all good  
That's on him  
Don't matter what my mother say

I can't save her anyway  
Time for me to go

Away  
Away  
Away  
Away  
Away

Ooh ooh ooh  
Time to graduate  
Time to graduate  
Ooh ooh ooh  
Time to graduate  
Time to graduate  
Ooh ooh ooh  
Time to graduate  
Time to graduate  
Ooh ooh ooh  
Time to graduate  
Time to graduate
