

# Though Love

Simon Curtis

Friday night, we've been seen each other for  
Little bit, little little bit bit  
It's alright going just like every other time  
But I need a hit, need a need a need a hit hit  
Oooh, I can't tell myself to hold back  
Oh..., you gotta find another way

Oh boy, want you on the attack  
What you're holding back? Why are you holding back?  
This time I'm gonna need you  
Just step up to the play  
This time I'm gonna make you  
'Cause I don't wanna wait

Tough love  
Come on, give it to me rough  
Take it down, throw me down  
Make me stand up  
Up, down, up, down  
Baby, it's not enough  
Imma teach ya lesson how to give me tough love  
Tough love  
Come on, make my body shake  
Break it up the...  
Like... Earthquake  
Up, down, up, down  
Baby, it's not enough  
Imma teach ya lesson how to give me tough love

So here we are, I've got you in my house  
Take a seat, baby take a seat seat  
Here's a blindfold, 'bout to show you how  
Tie it over me, tie it over me me  
Good, you learned it pretty quickly  
I knew you would, baby now you take the lead  
Oooh, I think you better frisk me  
Here's the handcuffs, you can throw away the key

Tough love  
Come on, give it to me rough  
Take it down, throw me down  
Make me stand up  
Up, down, up, down  
Baby, it's not enough  
Imma teach ya lesson how to give me tough love  
Tough love  
Come on, make my body shake  
Break it up the...  
Like... Earthquake  
Up, down, up, down  
Baby, it's not enough  
Imma teach ya lesson how to give me tough love

Baby, a thing about it  
That I hope you understand  
Is that if you don't satisfy my thing  
Then I'll find someone who can

I know that you're my lover  
Don't be afraid to hurt  
Cause I'm a big girl  
Now give me what I deserve

Tough love  
Come on, give it to me rough  
Take it down, throw me down  
Make me stand up  
Up, down, up, down  
Baby, it's not enough  
Imma teach ya lesson how to give me tough love

Tough love  
Come on, make my body shake  
Break it up the...  
Like... Earthquake  
Up, down, up, down  
Baby, it's not enough  
Imma teach ya lesson how to give me tough love
