

Big Music

Simple Minds

Gave me the songs that make me ecstatic
Big Music
Gave me the tunes that keep it romantic
Big Music
Sang me the songs that keep my world turning
Big Music
Teach me the words, the ones I keep learning
Big Music

You can search through time in your fantasies,
But you will not find the secret how to play,
Big Music
Still feel music
Strange music
This is Big Music

Give me the tunes, the ones where the brass plays
Big Music
Turn up the bass that brings the fantasies
Big Music
Bring out the chords that make it uncertain
Big Music
Do it all night, until it starts hurting
Big Music

You can search through time in your fantasies,
But you will not find the secret how to play,
Big Music
Still they feel music
Strange music
This is Big Music

Hear the Big Music
Need my Big Music
Live the life music
New Big Music

Big Music [x3]

You play those songs that make me ecstatic
Play me the tunes that make it romantic
Big Music
Sing me the songs that keep my world turning
Big Music
Teach me the words, the ones I keep learning
Big Music

Big Music
Live or love music
