Simple Minds

I watch while you parade real slow Slipping through the virgin snow By then you ride your queen Opium and buddhists dreams

I'm heavenly time, many a time, my bird on a wire I'm heavenly time, no reason to cry my bird on a wire

Red crown bird shack you were raised Silver burns in the grave Open melody in your head Happy gangster in your bed I'm seeing fit to go I wouldn't want to dig that low Suddenly insects start to sing Nectar is so poisioning

I'm heavenly time, many a time, my bird on the wire I having a good time, rapidly define, my bird on the wire

I'm having a good time, money with sweet time, no never need to cry I'm having a good time, so this is good night, my bird on the w ire
