

# Imagination

Simple Minds

They said you wouldn't buy my reason  
Said you wouldn't buy my innocence  
Said this is not the season  
These are the days that make no sense  
Money can't light this lantern  
Power belongs to another place  
Hope never lies abandoned  
When the moment arrives, you'll hear me say,

Imagination  
With me tonight  
Imagination callin'

Said you once took an adventure  
To somewhere now that seems so lost,  
They said I was down with no way back  
All the straight lines beneath me were cross

Money can't buy  
No, money can't buy  
Imagination  
With me tonight  
Imagination callin'  
Whole other insight

With me tonight  
Imagination  
Whole other insight

Said you wouldn't buy my reason  
Said you wouldn't buy my innocence  
Said this is not the season  
These are the days that make no sense  
But money can't buy  
No, Money can't buy  
No, Money can't buy  
No, Money can't buy  
Imagination  
With me tonight  
Imagination callin'  
Whole other insight

Imagination  
With me tonight  
All those days there was love  
And all that space made us high  
And all our hearts feel was innocence  
Nothing seemed it could die  
And all those days there was love  
And all that space made us high  
And all our hearts feel was innocence  
Nothing seemed it would die
