

# Kaleidoscope

Simple Minds

See  
What so you see  
Tell us the things  
That circulate round you  
Scars  
Deep as an ocean  
I've got some things  
I'd like to show you  
Friends of mine  
Who ask to stay  
Well you can turn around  
And walk

All things lie in hope  
Focusing through  
Your human kaleidoscope  
One man has a dream  
Tells it to me  
And I call it fiction  
Friends of mine  
Who ask to stay  
Well they can turn around  
And walk  
Walk walk  
Walk away

Chimes  
Rhythms to me  
Someone else waits  
Behind the curtain  
Image  
Leave them to me  
Destructive virgin  
Behind the curtain  
Friends of mine  
Who ask to stay  
You can turn around and  
Walk walk walk  
Walk walk walk away  
Walk walk  
Walk away  
Walk walk  
Walk away  
Walk  
Walk away  
Walk walk away  
Away away away
