## **Naked Eye**

## Simple Minds

You can come inside Come into the Naked Eye My only world falls in again I see your face fall in again It's so dark I don't know your name It's so dark And I don't know your name Only mirrors lie only mirrors lie now Only mirrors lie only mirrors lie now Through the needle's eye Through the needle's eye now Only mirrors lie Lie lie You can come inside Come into the naked eye Naked Naked I feel so high Going up on the wall And you're down below me Look all around look all around now Look all around look all around now Only mirrors lie only mirrors lie now Only mirrors lie only mirrors lie now Through the needle's eye Through the needle's eye now Only mirrors lie Lie lie You can come inside Come into the naked eye Naked Naked Just wanted a special view Just me and you Just just just the two of us Just two of us Going up on the wall Up on the wall Going up on the wall Up on the wall Naked Eye Naked Eye What do you see And what's there to learn Reading your books Third diagram Someone's in the room down below Someone someone Someone below

Insects Cherries To the cherries On the wall Spider
