

# Shadows And Light

Simple Minds

Sometimes I want to feel the back of my hand  
No one get here understands  
Never gonna be there what you say  
How am I gonna get it  
Shadows and light  
Shadows and light

When I wanna call out what would I say  
I don't wanna be here anyway  
Still searching tonight  
Shadows and light  
Shadows and light

Sometimes I want to feel the back of my hand  
No one wants to be the one night stand  
No ones gonna be there anyway  
Hows it gonna figure  
In the shadows and light  
Shadows and light  
In the shadows and light  
  
Shadows and light

When I call out what would I say  
I don't wanna be here anyway  
Still searching tonight  
Shadows and light  
Shadows and light
