

# Christmas Everyday

## Simple Plan

I wish it was Christmas  
Christmas every day  
We could just let it snow forever  
And live on holiday  
There would be presents every morning  
Under every tree  
Oh Santa Claus, if I could have my way  
I wish it was Christmas every day

School is out, no work today  
So in my PJ's I will stay  
Staring at this winter wonderland  
The reindeer slippers on my feet  
A Christmas Vacation on TV  
I feel like I am just a kid again

I can see the Christmas lights appear  
Welcome to the best time of the year

I wish it was Christmas  
Christmas every day  
We could just let it snow forever  
And live on holiday  
There would be presents every morning  
Under every tree  
Oh Santa Claus, if I could have my way  
I wish it was Christmas every day

Kissing under mistletoe  
Fifty-two weeks in a row  
Now you got me shouting out with glee  
No more wars and no more fights  
Peace on earth comes every night  
What a wonderful world this could be

I can see the Christmas lights appear  
Welcome to the best time of the year

I wish it was Christmas  
Christmas every day  
We could just let it snow forever  
And live on holiday  
There would be presents every morning  
Under every tree  
Oh Santa Claus, if I could have my way  
I wish it was Christmas every day  
Christmas every day

I wish it was Christmas  
Christmas every day  
We could just let it snow forever  
And live on holiday  
There would be presents every morning  
Under every tree  
Oh Santa Claus, if I could have my way  
I wish it was Christmas  
I wish it was Christmas

Oh, I wish it was Christmas every day
