Generation

Simple Plan

```
Gmi   F   Gmi
Gmi   B   D   Cmi   Gmi

     Es              F     F              Gmi
So what you gonna do, what you gonna say
            Es        F        F          Gmi
When we standing on top and do it our way
     Es             F                    F            Gmi
You say we got no future, you're living in the past
           Es  F
So listen up that's my generation

  Gmi         Es
Hey oh, let's go!
F
It's going down tonight
  Gmi         Es
Hey oh, let's go!
F                              Gmi
We're gonna do it 'til we die
        Es  F         Cmi          Es
Cause I've got no reason to apologize
F
That's my generation
