

# Outta My System

## Simple Plan

I try to brush it off  
Keep calm and collected but it just won't work  
They tell me "Read a book,  
Learn to cook, anything to keep your mind off her!"

And now I'm so-o  
Tired of feeling so low-ow  
Seven weeks in a row-ow  
I don't wanna hear about  
Don't wanna think about you

I wanna make out with the perfect stranger  
Get loud need a mind eraser  
Drink up tonight I'm on a mission  
To get you outta my system  
Downtown I'll be up all night  
Get lost in the flash of lights  
Drink up tonight I'm on a mission  
To get you outta my system

I try to be mature,  
Stay polite but I'm really thinking what's it worth  
When deep inside of me  
I can't breathe I'm a victim of a love sick curse

And now I'm so-o  
Tired of taking it slow-ow  
Seven weeks in a row-ow  
I don't wanna hear about  
Don't wanna think about you

I wanna make out with the perfect stranger  
Get loud need a mind eraser  
Drink up tonight I'm on a mission  
To get you outta my system  
Downtown I'll be up all night  
Get lost in the flash of lights  
Drink up tonight I'm on a mission  
To get you outta my system

Outta my system  
Outta my system  
Outta my system

It's been so long since I've been myself  
Talking like, walking like someone else  
Feels so good to get back to me  
Rid myself of this misery  
Now I'm here coming back to life  
Turning my wrongs all back to right  
I was way down, I was locked up  
Now I'm free

I'm gonna make out with the perfect stranger  
Get loud need a mind eraser  
Drink up tonight I'm on a mission  
To get you outta my system

Downtown I'll be up all night  
Get lost in the flash of lights  
Drink up tonight I'm on a mission  
To get you outta my system

Oh, oh outta my system  
Oh, oh outta my system  
Outta my system
