

The Antidote

Simple Plan

I'm caught up in a life that I wish I could erase
I want to disappear, want to leave without a trace
I'm looking in the mirror but I can't see through the pain
So I take another pill and I hope it goes away

Cause my broken pieces don't fit in

Every time I feel alone
Like the walls are caving in
Like I never win
Like it's crawling under my skin
You're the antidote
Even when it hurts the most
And I'm trying to find a way
But there's no escape
Like a poison filling my veins
You're the antidote

(You're the antidote)

How do I go on when my dreams are ripped and torn?
I'm tired and I don't wanna fake it anymore
When it's all too much and I feel like I'm about to break
You always come around and the darkness fades away, fades away

Every time I feel alone
Like the walls are caving in
Like I never win
Like it's crawling under my skin
You're the antidote
Even when it hurts the most
And I'm trying to find a way
But there's no escape
Like a poison filling my veins
You're the antidote

You're the antidote

You're the antidote

Every time I feel alone
Like the walls are caving in
Like I never win
Like it's crawling under my skin
You're the antidote
Even when it hurts the most
(Even when it hurts the most)
And I'm trying to find a way
But there's no escape
Like a poison filling my veins
You're the antidote

Whoa whoa
You're the antidote
Whoa
You're the antidote
You're the antidote

You're the antidote
