

Where I Belong

Simple Plan

I'm looking in the rear view mirror
Everything looks the same
There's nothing but broken streetlights
And I'm just trying to escape
I'm waiting on a distant feeling
I'm waiting for things to change
It's getting hard to ride on empty
But maybe I'm not so far away
'Cause it feels like home

I found a reason
And suddenly I'm not so alone
I'm finally breathing
Like I never could on my own
Start the countdown, let's get it on
Scream our lungs out to our favorite song
'Cause this is where I belong
(This is where I belong)

I can tell you just don't get it
And that you'll never understand
I'm sorry that I can't be perfect
But I'm not changing who I am
Maybe there's no destination
Maybe I'm gonna make mistakes
I'll let you in on one of my secrets
I'm still just as lost as yesterday
But it feels like home

I found a reason
And suddenly I'm not so alone
I'm finally breathing
Like I never could on my own
Start the countdown, let's get it on
Scream our lungs out to our favorite song
'Cause this is where I belong

Look past the warning signs
The same ones that told me
I should just turn back and run
Play it safe before you come undone

If you saw through my eyes
This view was worth the climb
Believe me when I say
There's no place in this world I'd rather be

I found a reason
And suddenly I'm not so alone
I'm finally breathing
Like I never could on my own
Start the countdown, let's get it on
Scream our lungs out to our favorite song
'Cause this is where I belong

I found a reason (I found a reason)
And suddenly I'm not so alone

I'm finally breathing (I'm finally breathing)
Like I never could on my own
Start the countdown, let's get it on
Scream our lungs out to our favorite song (favorite song)
'Cause this is where I belong
('Cause this is where I belong)
'Cause this is where I belong
