

## High Fives

Simply Red

High fives, truly night jive  
Living in the night time  
Soul man, golden old man  
Weathering the time sands

This whole rhythm gives me what I need  
Praying hard as your lifetime  
Praying hard as your lifetime  
Praying hard as your lifetime goes by

White lines fooling my kind  
Living for the night time  
Hold hands, home in old land  
Weathering the time sands

This whole rhythm gives me what I need  
Praying hard as your lifetime  
Praying hard as your lifetime  
Praying hard as your lifetime goes by
