

# It Wouldn't Be Me

Simply Red

I dream about her much  
And her tender touch  
Yet my friends keep telling me  
Let her go, let her go  
Let her go, let her go  
Her own way  
Let her go, let her go  
Let her go, let her go  
Her own way

But I just can't let it be  
To give up now just wouldn't be me  
Wouldn't be me, wouldn't be me

She lives outside of town  
And she ain't around  
Oh I wish that she could be  
To let her know, let her know  
Let her know that I care for her so  
Let her know, let her know  
Let her know I'm in love with her so

And if I can help her see  
To give up now just wouldn't be me  
Wouldn't be me, wouldn't be me

Wouldn't be me  
Wouldn't be me

Let her know, let her know  
Let her know she's a wonderful girl  
Let her know, let her know  
Let her know, what a wonderful girl

'Cause I know she cares  
But I know she's scared  
Of what she used to be

Let her know, let her know  
Let her know she's a wonderful girl  
Let her know, let her know  
Let her know, what a wonderful girl  
Let her know, let her know  
Let her know she's a wonderful girl  
Let her know, let her know  
Let her know, what a wonderful girl

And I hope you'll trust in me  
To give up now just wouldn't be me  
Wouldn't be me, wouldn't be me  
Wouldn't be me
