

## Riding on a Train

Simply Red

Riding on a train  
Moving along now  
Grooving in the rain  
It's getting late now  
That driver better concentrate  
On getting me back so I'm not late  
See I been away so long  
I gotta get home now  
I been away so long  
Feeling alone now

Got my family waiting for me  
My love is simple like one, two, three

It's why I'm riding on a train  
It's getting late now  
Who's gonna take the blame?  
Everybody is late now

That's why I'm riding (move it along)  
Riding (move it along)  
Riding (move it along)  
Riding (move it along)  
Riding (move it along)  
Riding (move it along)  
Riding (move it along)  
Riding (move it along)

See I been away so long  
I gotta get home now  
I been away so long  
Feeling alone now  
That driver better concentrate  
On getting me back so I'm not late  
Riding on this train  
Moving along now  
Grooving in the rain  
It's getting late now

Got my family waiting for me  
My love is simple like one, two, three

It's why I'm riding on a train  
It's getting late now  
Who's gonna take the blame?  
Everybody is late now  
That's why I'm riding (moving along)  
Riding (moving along)  
Riding (move it along)  
Riding (move it along)  
Riding (move it along)  
Yeah, yeah (move it along)  
Riding (move it along)  
Riding (move it along)  
Riding (move it along)  
Riding (move it along)  
Come on, babe (move it along)

I'm coming home now  
I'm coming home (move it along)  
I'm coming home (move it along)  
I'm coming home (move it along)  
I'm getting home now (move it along)  
Come on  
(Move it along)  
Woo, hit it, hit it (move it along)  
(Move it along)
