

Ring That Bell

Simply Red

Ring that bell
Why don't you ring it well
Ring that bell
Why don't you ring it well

There's some bad men messing with our future
Let's give them hell
Raise the alarm
Raise the alarm
And ring that bell

Come on now, hit it hard for me
Sometimes we gotta fight for that right to be free

There's some bad men messing with our future
Let's give them hell

Play the ding dong hard
Play your ding dong smart
And ring that bell (ring it)
Why don't you ring it well (ring it)
Play the ding dong hard
Play your ding dong smart
And ring that bell
Yeah, yeah, yeah, yeah, yeah

Bad men messing with our future
Let's give them hell (hell!)
Raise the alarm
Raise the alarm
And ring that bell (ring it)

Come on now, hit it hard for me
Sometimes we gotta fight for that right to be free

There's some bad men messing with our future
Let's give them hell

Play the ding dong hard
Play your ding dong smart
And ring that bell (ring it)
Yeah, yeah, yeah, yeah, yeah (ring it)
I'm ringing it, ringing it
I'm ringing it (ringing it)
I'm ringing it (ringing it)
I'm ringing it (ringing it)
I'm ringing it (ringing it)
I'm ringing it (ringing it)
I'm ringing it (ringing it)
Yeah, yeah, yeah, yeah, yeah
We're ringing that bell (ringing it)
Ringing that bell (ringing it)...
(Ringing it)...
