

Alien Soul

Sin Boy

Can you feel my soul? Can you feel my heart?
Take me to the moment when the love is around
Can you feel my soul? Can you feel my heart?
Take me to the moment when the love is around
Can you feel my soul? Can you feel my heart?
We could change the world if we could just give it a try
Can you feel my soul? Can you feel my heart?
We could change the world if we could just give it a try

Prison for your mind
Relaxing time
You need to feel alive

Infinity is the goal
Money may be wrong
You're acting like a king
Just dance to this beat, oh uoh

Nobody controlling my life no more
I am fighting myself on your rage of war
[?] and the key for your soul
All you need is love, all you need is love

Can you feel my soul? Can you feel my heart?
Take me to the moment when the love is around
Can you feel my soul? Can you feel my heart?
Take me to the moment when the love is around
Can you feel my soul? Can you feel my heart?
We could change the world if we could just give it a try
Can you feel my soul? Can you feel my heart?
We could change the world if we could just give it a try

Prison for your mind, reflecting time
