

# Thriller Night

Sin Boy

Mama I'm so in love  
But the love that I give it never returns (mama)  
Mama tell me what's wrong  
Do do anything to change this I'ma fall yeah  
Do I have to cut my hair?  
Do I just have to do my nails?  
Should I do whats good for them  
Or should I do how I feel

I don't like the world that we live in  
I'm scared to call my own  
They don't like what I've been giving  
Tell me mama what's wrong

Don't be afraid of thriller night  
Don't be afraid to do whats right  
Don't be a little girl in this cold, cold world  
There will be the good days  
There will be the bad ones  
There will be the sad days  
There will be the tough ones  
People never like changes  
And never give up  
In this cold cold world  
Don't be afraid of thriller night  
Don't be afraid to do what's right  
Don't be a little girl in this cold, cold world  
There will be the good days  
There will be the bad ones  
There will be the sad days  
There will be the tough ones  
People never like changes  
And never give up  
In this cold cold world

They will never like you  
Thats how it is  
Never let them change you  
You are more than this

I don't like the world that we live in  
I'm scared to call my own  
They don't like what I've been giving  
Tell me mama what's wrong

Don't be afraid of thriller night  
Don't be afraid to do whats right  
Don't be a little girl in this cold, cold world  
There will be the good days  
There will be the bad ones  
There will be the sad days  
There will be the tough ones  
People never like changes  
And never give up  
In this cold cold world  
Don't be afraid of thriller night  
Don't be afraid to do what's right

Don't be a little girl in this cold, cold world  
There will be the good days  
There will be the bad ones  
There will be the sad days  
There will be the tough ones  
People never like changes  
And never give up  
In this cold cold world
