

## Never Late

Sinach

He's never late  
He's not a late God  
He's never late  
He's not a late God  
He's never failed anyone I know  
He is always on time  
He's never late  
He's not a late God

Remember Moses and the Israelites  
Trapped between Pharaoh and the red sea  
But right there in their trouble  
God gave a Word  
He was right there on time  
To deliver them

Remember Meshach, Shedrach and Abadnego  
Pushed into the fire because of their God  
But right there in the fire  
A fourth man appeared  
He was right there on time  
To deliver them

Never late  
God is never late  
Never late  
Always on time
