Next in Line

Sinach

You are next in line
(For a miracle) For a miracle
(This is your time) This is your time
(Arise and be blessed) Arise and be blessed
You are next in line
(For a miracle) For a miracle
(oh oh oh!) This is your time

You may have gone everywhere searching for peace of mind
You may have gone everywhere you know... you know
But hold on, it's not over yet
There is a miracle for you
You're next in line for a miracle today

You are next in line
(For a miracle) For a miracle
(This is your time) This is your time
(Arise and be blessed) Arise and be blessed
You are next in line
(For a miracle) For a miracle
(oh oh oh!) This is your time

You may have gone everywhere searching for help and hope
The doctors may have given up on you... on you, on you
But hold on God says it's not over
There is a miracle for you
You're next in line for a miracle today

I am next in line
(For a miracle) For a miracle

(This is my time) This is my time
(I arise and be blessed) I arise 'cause i'm blessed
I am next in line
(For a miracle) For a miracle
(oh oh oh!) This is my time

I am next in line
(For a miracle) For a miracle
(This is my time) This is my time
(I arise and be blessed) I arise 'cause i'm blessed
I am next in line
(For a miracle) For a miracle
(oh oh oh!) This is my time

It's not yesterday
It's not tomorrow
But right now! right now!
Oh I'm next in line
Doesn't matter how far you've gone
Doesn't matter how deep the valley is
Doesn't matter how big your dreams may be
You can receive! yeah!
Oh! I'm next in line for a miracle
Say that you are next in line, line, line.
yeah yeah

This is your time!
You're next in line! You're next in line!
This is my time!
I'm next in line! I'm next in line!
This is your time!
You're next in line! You're next in line!
This is your time!
