

# Nothing Is Impossible

Sinach

You are able [x2]  
By your word  
I stand and I testify  
You are able  
God is able  
Our God is able  
By your word Lord I stand and I testify  
That you are able

Exceeding, abundantly  
Much more than I can ever think  
Exceeding, abundantly  
You are able to do  
All sufficient God  
You are able [x2]  
By your word I stand, and I testify  
You are able  
You are able [x2]  
By your word I stand, and I testify  
You are able

Exceeding, abundantly  
Much more than I could ever think  
Exceeding, abundantly  
You are able to do  
All sufficient God  
(He's all sufficient, yeah eh, alleluia)

You see nothing is impossible,  
With you nothing is impossible [x2]  
For all things are possible with you  
Nothing is impossible,  
With you nothing is impossible [x2]  
All things are possible with you

Exceeding, abundantly much more, much more, much more than I can ever  
think or imagine  
Exceeding abundantly God is able, able to do for you and me  
He is all sufficient God

Nothing is impossible with You [x3]  
All things are possible with You

Exceeding, abundantly  
Much more than you can ever think or imagine  
Exceeding, abundantly  
I am able, God said He is able to do  
Cause I'm your all sufficient one
