

Remember

Sinach

You're the one who goes before me through all seasons
I won because You brought me through
Even now my voice I raise to thank You Jesus
I praise you God You are faithful

I Remember what You did before
You will do it again
I Remember what You did before
You will do it again

My latter shall be greater
From glory to glory
My latter shall be greater
From glory to glory

You're the one who goes before me through all seasons
I won because You brought me through
Even now my voice I raise to thank You Jesus
I praise you God You are faithful

Lord, I Remember what You did before
You will do it again
I Remember what You did before
You will do it again

My latter shall be greater
From glory to glory
My latter shall be greater
From glory to glory

You did it before
It's already done
Lord you said it is finished
I say Amen

Your a faithful God
January to December
Lord You said it is finished
I say Amen

Over my family Amen
Over my business Amen
This new year it shall be greater
I say Amen

Over my finances Amen
Everything concerning me Amen
This year shall be greater
I say amen

Remember what He did before
He will do much more
Your latter shall be greater
From Glory to Glory

Say my latter shall be greater
From Glory to Glory

It shall latter shall be greater
From Glory to Glory

It shall be greater
From Glory to Glory
