

Victory

Sinach

Shout! For He has given us the victory
Shout! The praise of our God is in our midst
Shout! For He has given us the victory
We rejoice in His holy name

We are courageous, full of passion
With love in our hearts, all things are possible
We are courageous, full of passion
With love in our hearts, all things are possible

With faith in our hearts we praise
With the Word in our mouths we make war

Shout! For He has given us the victory
Shout! The praise of our God is in our midst
Shout! For He has given us the victory
We rejoice in His holy name

Victory in this place, in this place
Victory in this place, in this place
Victory in my life, in my life
Victory in my life, in my life
Victory in my job, in my job
Victory in my job, in my job
Victory over me, over me
Victory over me, over me
Victory over me, over me
Victory over me, over me
I've got it, I've got it, I've got it
Say that I've got it
I've got it, I've got it, I've got it
Say that I've got it
