

# The Voice

Sinbreed

A red sun rises in the east  
Before the purple sky turns blue  
Signs of a bright day - it's easy living  
The windy road below my feet  
My teacher of a simple truth:  
Simple things in life are those to share

Breaking out - aim higher  
Set yourself on fire

I hear a voice in my head and in my heart  
Getting louder day by day  
It calls my name telling me to dare the start  
To no longer stay a face in the crowd  
I will stand for my beliefs - strong and proud

Never let the dreams of one  
Other than yourself lead you  
Never bow your head - fear no master  
Deep inside you'll find the key  
So all your wishes may come true  
Don't betray yourself, find your own way

Breaking out - aim higher  
Set yourself on fire

I hear a voice in my head and in my heart  
Getting louder day by day  
It calls my name telling me to dare the start  
To no longer stay a face in the crowd  
I will stand for my beliefs - strong and proud

With the final light of day  
I hope that I stood strong and proud  
More than just a face - in the crowd  
'til that day my good old friend  
Let us be the ones who laugh  
Let us be the giver, not the thief

Breaking out - aim higher  
Set yourself on fire

I hear a voice in my head and in my heart  
Getting louder day by day  
It calls my name telling me to dare the start  
To no longer stay a face in the crowd  
I will stand for my beliefs - strong and proud  
I will stand for my beliefs - strong and proud  
I will stand for my beliefs - strong and proud
