

Take My Breath Away

Since October

I wanna feel wanted
I need to feel needed
I know the blame is on me
Will you hold it against me?
You're in my mind when I'm screamin'
Every time that I'm breathin'
I need to say I'm sorry
Your memory's haunting

One step closer to death with every single breath
One step closer to death
One step closer to death with every single breath
One step closer to death with every single breath

Every day I dream that I'm with you always
When I'm waking to relive those times I spent with you
Every time I breathe inside I feel your love again

Breathe in
Breathe out
Come and take my breath away
Take my breath away

The loneliness is killing
With my attempts at living
All of the love that I've given
The disrespect that I'm feeling

The memories are fading
But nevertheless I'm still waiting
You're in my mind when I'm screamin'
Every time that I'm breathin'

One step closer to death with every single breath
One step closer to death
One step closer to death with every single breath
One step closer to death with every single breath

Every day I dream that I'm with you always
When I'm waking to relive those times I spent with you
Every time I breathe inside I feel your love again

Breathe in
Breathe out
Come and take my breath away

It's breakin' me down,
It's breakin' me down
It's what I feared

I'm holdin' my breath,
I'm holdin' my breath
The end is near

It's breakin' me down,
It's breakin' me down
It's what I feared

I'm holdin' my breath,
I'm holdin' my breath
The end is near

I'm holdin' my breath,
I'm holdin' my breath
The end is here

Every day I dream that I'm with you always
When I'm waking to relive those times I spent with you
Every time I breathe inside I feel your love again

Breathe in
Breathe out
Come and take my breath away
Take my breath away

Breathe in
Breathe out
