

All That's Left Behind

Sinch

For what it's worth, I never felt that much
an unresolved waste of time a lesson never learned
Wanted to forget it, but it's hard when you've been burned,
a matter of time till your lost insides
Are reassured to start indulging like there's nothing left behind
your pretty face and it's all that
you've got now
No it wasn't much, it was nothing but it left you wanting more,
and it's all that you've got now
Can sometimes get lost in the feelings that don't exist,
addiction is a cancer and a means to justify
An empty life of running from the friends you've left behind,
just a matter of time till your dark insides
Are reassured to start indulging like there's nothing left to hide
your pretty face and it's all that
you've got now
No it wasn't much it was nothing but it left you wanting more
and it's all that you've got now
The mechanics of guilty eyes, being tempted is in our make up,
when indulgences collide
Come and sleep with me tonight, when it's all that you've got now,
but it wasn't much it was nothing
But it left you wanting more and it's all that you've got now,
it wasn't much
