

Anywhere But Here

Sinead Harnett

Every part, every mark, every muscle
Yeah you don't have to remind me
Until the crows feet slowly cross my cheeks
You'll always know where to find me!
It deepens, weakens, cuts my soul in two, two, two
Until I'm movable, controllable, lost myself in you you
You stitch me with a kiss
But your fingers are cold, your body is frozen
And I can't get through!

If I ever stop loving you
And break loose from the bottom of your heart
If I could only stop loving you, my dear
You can watch me disappear
Be anywhere but here! Anywhere but here

You can sway, you can stomp, you can struggle
But I'll be stronger without you
Until my feet feel the heat of the solid ground
Yeah, there's nothing I will amount to
I just deepen, weaken into your arms, stuck stuck stuck
Until I'm movable, controllable, drown myself int this this
You stitch me with a kiss, ooh oh
But your fingers are cold, your body is frozen
And I can't get through!

If I ever stop loving you
And break loose from the bottom of your heart
If I could only stop loving you, my dear
You can watch me disappear
Be anywhere but here! Anywhere but here

If I ever do, just know I meant no harm, I meant no hurt to you
Oh, and if I ever do, I got perfectly started to learn how to be true
Maybe someday you will do, too

If I ever stop loving you
And break loose from the bottom of your heart
If I could only stop loving you, my dear
You can watch me disappear
Be anywhere but here! Anywhere but here

If I ever stop loving you
And break loose from the bottom of your heart
If I could only stop loving you, my dear
You can watch me disappear
Be anywhere but here! Anywhere but here
