

Do It Anyway

Sinead Harnett

I get high doing what I want
And I wanna get high today
So go ahead and waste your time tryna change my mind
Cause I'm gonna do it anyway
I get high doing what I want
And I wanna get high today
So go ahead and waste your time tryna change my mind
Cause I'm gonna do it anyway

Halo, hell no the darkness is beautiful
And I'm just setting the tone, oh baby
No, I don't need to be part a of this crowd of fools
So I'm just taking the throne
No if's or buts, I don't give a fuck
I'm ready to shine
A cut above that cliquey club
I don't have the time

I get high doing what I want
And I wanna get high today
So go ahead and waste your time tryna change my mind
Cause I'm gonna do it anyway
I get high doing what I want
And I wanna get high today
So go ahead and waste your time tryna change my mind
Cause I'm gonna do it anyway

Yeah, yeah, yeah, I get high, get high
Say, say, say, I get high, get high
Yeah, yeah, yeah, I get high, get high
Say, say, say, I get high, get high

One slip, two hits, who knows? You might like it
Go slow, then double your dose
I'm letting go, I won't follow, no need to play nice
I'm into this, I'm feeling it, the power inside
I get by just fine on my own
Just you wait till I'm in my zone

I get high doing what I want
And I wanna get high today
So go ahead and waste your time tryna change my mind
Cause I'm gonna do it anyway
I get high doing what I want
And I wanna get high today
So go ahead and waste your time tryna change my mind
Cause I'm gonna do it anyway

Yeah, yeah, yeah, I get high, get high
Say, say, say, I get high, get high
Yeah, yeah, yeah, I get high, get high
Say, say, say, I get high, get high

I get high doing what I want
And I wanna get high today
So go ahead and waste your time tryna change my mind
Cause I'm gonna do it anyway

I get high doing what I want
And I wanna get high today
So go ahead and waste your time tryna change my mind
Cause I'm gonna do it anyway
