

Hard 4 Me 2 Love You

Sinead Harnett

If I were to write you a love song
I wonder what you would hear
You'd probably take all the words wrong so
The meaning disappears
If this is you on a bad day
It must have been a hell of a year
'Cause you only show the best of you
When I'm not here

Heaven help you, my prayers aren't enough
It's almost like you want me to give up

You make it hard for me to love you
Building up these mountains
That I can never move
You make it hard for me to love you
If we can't work around it
Then how can I get through?
Why you make it so hard for me to love you?
Should be the easiest thing to do

Everything's good when you're younger
And nobody's taking the lead
When all that we know is I belong
To you and you to me
You say I take you for granted
You always needed control
But I shouldn't have to lose myself
To make you whole

Heaven help you, my prayers aren't enough
It's almost like you want me to give up

You make it hard for me to love you
Building up these mountains
That I can never move
You make it hard for me to love you
If we can't work around it
Then how can I get through?
Why you make it so hard for me to love you?
Should be the easiest thing to do

All I wanna do is share my love with you
So why'd you have to make it so hard?
All I wanna do is share my love with you
So why'd you have to tear me apart?

You make it hard for me to love you
Building up these mountains
That I can never move
You make it hard for me to love you
If we can't work around it
Then how can I get through?
Why you make it so hard for me to love you?
Should be the easiest thing to do
