

# Obvious

Sinead Harnett

Is it obvious  
I didn't come here with anyone?  
A loner at heart  
Who's just so deep in love with love  
Is it obvious  
When I look into your eyes  
That I fall apart?  
It's just so hard to say all the things that I wish I could say

Really wanna know ya  
I really wanna be your space  
Any given moment  
I know I'ma run away  
Baby, did ya notice  
The wanting begin to fade?  
Make you a promise  
Not to chase you when I get so

Lonely (Ooh-ooh-ooh)  
I shouldn't want you when I'm lonely  
But I get so lonely  
I only want you when I'm lonely

Is it obvious  
That there's something on my mind? Uh  
Most of the fucking time, yeah  
It's just so hard to feel all the things that I wish I could feel

Really wanna hold ya  
I really wanna learn your ways  
Any given moment  
I know I'ma turn away, yeah  
Baby, this is hopeless  
It wouldn't be fair to stay  
Make you a promise  
Not to call you when I get so

Lonely (Ooh-ooh-ooh)  
I shouldn't want you when I'm lonely  
But I get so lonely  
I only want you when I'm lonely  
Promise not to chase you when I get so  
Lonely (I get so lonely)  
I shouldn't want you when I'm lonely (When I'm lonely, yeah)  
But I get so lonely (Ooh-ooh-ooh)  
I only want you when I'm lonely (Lonely, so lonely)
