

Same Rhymes (Interlude)

Sinead Harnett

I found the blessing in every test
Now I know what I buried inside
You can't see heaven 'til you find the reason
'Cause you have to learn the same rhymes
The truth is we don't even know where we're going
And most of us wish we knew why
I've done the same thing and I ain't afraid
To admit I've been wrong many times

But at least I tried
But at least I tried
