

## John I Love You

Sinéad O'connor

John I love you  
I'm ever so fond of you  
Will you wait for me  
'Til I am heavenly  
Oh there's much work to do  
But I love you

Oh you're tender  
Your name's a whisper

I let tears fall like rain  
Apple-sized they were  
All over her  
And through all of those times  
When you could have died  
This is what you find

There's life outside your mother's garden  
There's life beyond your wildest dreams  
There hasn't been any explosion  
We're not spinning like Dorothy  
If you look now then you'll see why  
Don't be afraid to cry  
This time don't let yourself fly
