

## Catch & Release

## Single Mothers

I can't wrap my head around  
Why you gotta look down at me  
I say keep the peace at least  
Curl up and die on demand  
It's the best 2019 can

Heart racing  
No patience  
No one's listening  
To any reason

All of your roots are just clinging with ease  
And coming down on me  
Let me sink in my teeth  
Let me sink in my teeth  
Let me just catch and release  
No crawling  
Run into me  
I just want to be alone

All action  
No patience  
No one's listening  
To any reason  
Curl up and die on demand  
It's your only chance  
Best plan  
Heart racing  
No patience  
No one's listening  
To any reason  
Curl up and die on demand  
It's your only chance  
Best plan

Give in to me  
Let me just catch and release  
Let me just catch and release  
Sink in my teeth  
Sink in my teeth  
Catch and release  
Catch and release  
Catch and release  
Sink in your teeth

Demand change and don't settle for anything else  
Demand change and don't settle for anything else
