

Anatomy of a Catastrophe

Sinister

Wreaking havoc and destruction
Swarms of these foul beasts
The light of the cross
A portal of faith

Steered by their master
Fulfillment of gods will
These wretched souls now reside in the depths of hell

The fulfillment of gods will
Suffers in the dark abyss of woe
Once living humans
In oblivion they dwell

Repeat

Like an everflowing dream
Contained with a wrongful death it seems
Sensual vices she was given to lust
Infamous, not much left to trust

The eternal fire of anger
Besieged by the condemned
Drenched in the blood of man
Denying life after death

Repeat
