

# Republic of the Grave

Sinister

Patching the consciousness of one, being reduced to none  
Slowly going insane, disorientation remains

Increase the quality of their ritual dead  
The new corrupt bodies of the inflicted are covered with infected blood  
Freeing the unstable sompound inside, everything they contained was absorbed  
Decomposing corpses of the wretched people had been knifed and tossed into graves

Masses of corpses are left behind  
Sully the flesh, republic of the grave  
Masses of corpses are left behind  
Sully the flesh, republic of the grave

The existence of the firstborn legend, a black heart, cold as ice  
A clear tendency towards sadism and destruction  
Raw material for corporeal manifestation, driven by primary impulses  
This is a fate worse than death

Masses of corpses are left behind  
Sully the flesh, republic of the grave  
Masses of corpses are left behind  
Sully the flesh, republic of the grave

Patching the consciousness of one, being reduced to none

Republic of the grave... republic of the grave... republic of the grave

The existence of the firstborn legend, a black heart, cold as ice  
A fate worse than death

Patching the consciousness of one, being reduced to none  
Slowly going insane, disorientation remains
