Where the big boys meet on the Vegas Strip With the SDI as the gun at his hip Theres a gleam in his eye as he shakes her hand and he leaves you Then his sellin plans are to walk away and deceive you Shes a shell shocked baby in the cradle of time Were just a walk soft army on a human land mine Ive walked a million miles far beyond the stars of your future Ive walked a million miles far beyond the hope of your future Now everytown where man Was it part of your plan Turn this city to sand With a one way ticket to the promise land Atomic Playboys We are Radiation Romeo's You built this body But cant take away my soul no Atomic Playboys You stole the sky then you watched the world explode Romeo Well its one wrong move and two worlds collide With this touch and go game of suicide Im a atom brained man with a heart of gold And ill heat you up when your body gets cold
