

Calling Up Soweto

Sioen

To the townships of the townships
That's where I took my boots
On the train to Naledi
Where Jo'burg has its roots

To the sound of revolution
And the vibe on the streets
When the beach comes to Soweto
feel the msawawa beat

From Diepkloof to White City
From the richest to the poor
Meet all colours of Rainbow Nation
Sutu, Zulu, Venda and many more

From the goodness of the heart
To the wicked of the soul
When I'm gone I sing the blues
In soweto, where I lost my shoes

Calling up Soweto
Ekasi is where I wanna be
Calling up Soweto
Ekasi, uzong thola khona

Oh baby baby baby
You're the sunshine of my heart
Oh baby baby baby
We will never be apart
