

Brain cells, melting point
Dead self, fusing mind
I'm not me like you're not you
Slavery, fucking thot
Looking in the mirror, I can't see me
Just a fucking donkey
Think he could've made you stay for once
You look in the mirror, I be laughing
You got rid of me and got a significant other one

Oh, I feel like a zombie
Jealous of the lover's brains
So I'ma come along and
Take a bite intelligence
To avoid getting hurt again
Be driven into breakdowns hurricane
Maybe I need to hypnotize
Don't love you, don't love you, don't love you

I'm a braindead lover for you
I don't care if my mind falls apart
I'm already just a dead man, a fool
Falling for these empty words you spit out
How could you be so ruthless?
Stupid zombie get your brain to work
I'm a braindead lover for you
I'm a braindead lover for who?

I know that, I know that
I know I'm inside your walls, but
I don't care, I don't care
I don't even wanna go
Just let me be, aside you
I can be a different person
As long as you like me
I could be anything you want, oh, fool

Oh, I feel like a zombie
Jealous of the lover's brains
So I'ma come along and
Take a bite intelligence
To avoid getting hurt again
Be driven into breakdowns hurricane
Maybe I need to hypnotize
Don't love you, don't love you, don't love you

I'm a braindead lover for you
I don't care if my mind falls apart
I'm already just a dead man, a fool
Falling for these empty words you spit out
How could you be so ruthless
Stupid zombie get your brain to work
I'm a braindead lover for you
I'm a braindead lover for who?
