

The Blade

SION

Everything I've done is a lie
All you know is the red
Keep waiting for the blood to dry

When you lose all feeling
I am I am the blade
There's no end to the bleeding
I am I am the blade

Here is your answer
I have nothing left to give
Held captive with a smile
This is death by a thousand cuts
Love can be so vile
With my lips sewn shut

When you lose all feeling
I am I am the blade
There's no end to the bleeding
I am I am the blade
It's not worth the effort
You cant repair, I'm cutting to the bone
There's no end to the bleeding
I am I am the blade

When you lose all feeling
I am Iam the blade
There's no end to the bleeding
I am I am the blade
It's not worth the effort
You cant repair, im cutting to the bone
There's no end to the bleeding
I am I am the blade
