But Not Them

Siouxsie and the Banshees

She hates the man and he hates the man Because something strong inside
Has been denied them
But not him, oh not him

He hates the girl and she hates the girl because something weak implied

They fought to push aside them But not her - oh not her

The girl isn't alive - but the man is dead because it's all bee n said before

The girl isn't alive - but the man is dead because you only hav e your mentor

To draw - you whore

Dead lumps of meat melt in this heat Dead lumps of meat melt in this heat
