

Suburban Relapse

Siouxsie and the Banshees

I'm sorry that I hit you
but my string snapped
I sorry I disturbed your cat-nap
but whilst finishing a chore
I asked myself "what for"
then something snapped,
I had a relapse...A Suburban relapse

I was washing up the dishes
minding my own business
when my string snapped
I had a relapse...A Suburban relapse

[Should I]
Throw things at the neighbours
expose myself to strangers?
kill myself or...you?
now memory gets hazy?
I think I must be crazy
but my string snapped
I had a relapse...A Suburban relapse
