

# Take Me Back

Siouxsie and the Banshees

Deep in the heart  
Of a seething beast  
Think of bright lights  
A splendid feast  
But something's missing  
She's feeling low  
Something's missing  
She's going home

Take me back -- I'm feeling low  
Take me back -- I'm going home  
Take me back -- I'm so alone  
Take me back I'm travelling home

Suspicious stranger  
There's something wrong  
She is changed  
Ah but this is not

She is back  
But she's not home  
She is back  
But she's still alone  
She came back after all this time  
She came back to warning signs  
All is black when the lights are on  
Nothing rhymes its been so long

Deep in the heart  
Of a seething beast  
Think of bright lights  
A splendid feast  
Where you arrive  
Can be home  
Where you come from  
Isn't always home

Take me back -- I'm coming home  
Take me back -- where I belong  
Take me back I'm leaving home  
Take me back I'm coming home
