

Feel Again

Sir Chloe

Awful sudden
Is it something worth the risk
Is it worth the fix

Stop your crying
Don't know why you throw a fit
I just wanna sit

Solo, into tomorrow
Is where I go
I always go

No, nobody's sorrow
Is mine to hold
Is mine to hold

I don't wanna wait for you
I don't wanna wait for you
I don't wanna wait for you
I don't wanna wait for you

Turn me on
Help me along
I wanna feel again
I wanna feel again

Turn me on
Be my doll
I wanna feel again
I wanna feel again

Awful sudden
Is it something worth the risk
Is it worth the fix

Solo, into tomorrow
Is where I go
I always go

No, nobody's sorrow
Is mine to hold
Is mine to hold

I don't wanna wait for you
I don't wanna wait for you
I don't wanna wait for you
I don't wanna wait for you

Turn me on
Help me along
I wanna feel again
I wanna feel again

Turn me on
Be my doll
I wanna feel again
I wanna feel again

Turn me on
Be my doll
I wanna feel again
I wanna feel again
