

## JOY FOR YOUTH

Sir Chloe

I feel joy for youth  
We'll turn out fine  
I've never felt better, it's true  
It's true  
Breaking out the darkness  
Just looking for the spark (Yeah)  
'Cause I just couldn't wait  
I hope they can relate (Yeah)  
Oh well, give a fuck if they don't  
And this place burns to ashes  
And the aliens outlast us  
Well, we'll live like they can catch us  
I feel joy for youth  
We'll turn out fine  
I've never felt better, it's true, it's true  
I feel good for youth  
We come alive  
I've never felt better for you, it's true, my youth

These days are velvet  
So sweet and melted  
I lose myself in every evening I can't help it  
Uncomplicated  
Ten minutes late  
If I could explain it, I would say that  
I feel joy  
For youth  
We'll turn out fine  
I've never felt better, it's true, it's true  
I feel good for youth  
We come alive  
I've never felt better for you, it's true, my youth

See someone like me  
Joyful, young and free  
If you get to know someone like me  
You'll see  
You'll see  
See someone like me  
Joyful, young and free  
If you get to know someone like me  
You'll see  
You'll see  
See someone like me  
Joyful, young and free  
If you get to know someone like me  
You'll see  
You'll see
