

# Obsession

Sir Chloe

Brand-new obsession  
I'll add it to my collection  
I'm losing hours in the rose, but I don't mind

Happy to waste it for a good time  
Happy to waste it for a good time  
Happy to waste it for a good time

Chasing the way it was  
Something to make it numb  
It's never quite enough  
It's never quite enough

Brand-new obsession  
I'll add it to my collection  
I'm losing hours in the rose, but I don't mind  
I don't mind

Happy to waste it for a good time  
Happy to waste it for a good time  
Happy to waste it for a good time

Oh, delighted  
I keep myself awake  
To think about it  
The warm and lovely ache

Oh, to tighten  
My hands around the waist  
Of something violent  
The sweet and melted taste

Oh, delighted  
I keep myself awake to think about it  
The warm and lovely ache

Oh, to tighten  
My hands around the waist  
Of something violent  
The sweet and melted taste
