

# Slow Motion

Sir Rosevelt

Girl, whatchya doing?  
Getting me all worked up like you do  
And, baby, the way you do it  
Makes me wanna do bad things to you

I just wanna know  
Do you wanna be my lover?  
Are you gonna be my lover?  
I just need to know  
Do you wanna be my lover?  
My lover?

Lost in the lights we can dance all night  
In slow motion, in slow motion  
All that I need is your body on me  
In slow motion, in slow motion

Girl, it's getting crazy  
I'm so high I think I need a parachute  
Sugar, don't keep me waiting  
Tell me that you feel the way I do

I just wanna know  
Do you wanna be my lover?  
Are you gonna be my lover?  
I just need to know  
Do you wanna be my lover?  
My lover?

Lost in the lights we can dance all night  
In slow motion, in slow motion  
All that I need is your body on me  
In slow motion, in slow motion
